

# COLLEGE TRANSFER PROGRAM

WILSON  
COMMUNITY  
COLLEGE

## About the Program

The Associate in Arts (A.A.), and Associate in Science (A.S.), degrees are granted for a planned program of study consisting of a minimum of 60 semester hours of credit (SHC) of college transfer courses. Within these degree programs, students learn and demonstrate competencies in reading, writing, oral communication, fundamental mathematical skills, and basic computer use.

## Coursework

The A.A. and A.S. degrees require completion of 45 semester hours of credit in General Education and 15 semester hours of credit in Other Required Hours. The General Education hours are divided into two components: the Universal General Education Transfer Component and the Additional General Education Hours, which are chosen based on the student's intended major at the transfer institution. The other required hours are selected from general education electives.

## The Comprehensive Articulation Agreement (CAA)

College transfer courses taken at North Carolina community colleges are guaranteed to transfer to all public and most private 4-year colleges

and universities in North Carolina. The North Carolina Comprehensive Articulation Agreement is a statewide agreement governing the transfer of credits between NC community colleges and NC public universities – and many private ones – and has as its objective the smooth transfer of students. The CAA provides certain assurances to the transferring student; for example:

- Establishes a list of Universal General Education Transfer Courses that are guaranteed to transfer for general education equivalency credit to each of the 16 constituent institutions.

*NOTE: A grade of "C" or better must be earned in order to qualify for this guarantee.*

- Assures admission to one of the 16 UNC institutions.
- Enables students who graduate with a college transfer degree (A.A. or A.S.) to transfer with junior status.

For more information on the Comprehensive Articulation Agreement for the UNC System Institutions visit [nccommunitycolleges.edu](http://nccommunitycolleges.edu)

For more information on the Independent Comprehensive Articulation Agreement for NC independent colleges and universities visit [nccommunitycolleges.edu](http://nccommunitycolleges.edu)

***Associate in Arts (A.A.) and Associate in Science (A.S.) degrees are offered***

## ASSOCIATE IN ARTS DEGREE (A10100)

The Associate in Arts (A.A.) degree shall be granted for a planned program of study consisting of a minimum of 60 semester hours of credit (SHC) of college transfer courses. Within the degree program, the student will have the opportunities for the achievement of competencies in reading, writing, oral communication, fundamental mathematical skills, and basic computer use.

Courses are approved for transfer through the Comprehensive Articulation Agreement (CAA) and the Independent Comprehensive Articulation Agreement (ICAA). The CAA and ICAA enable North Carolina community college graduates of two-year associate in arts programs who are admitted to constituent institutions of The University of North Carolina and to Signatory Institutions of North Carolina Independent Colleges and Universities, to transfer with junior status. Community college graduates must obtain a grade of "C" or better in each course and an overall GPA of at least 2.0 on a 4.0 scale in order to transfer with a junior status. Courses may also transfer through bilateral agreements between institutions.

The AA degree requires completion of 45 semester hours of credit in General Education and 15 semester hours of credit in Other Required Hours. The General Education hours are divided into two components: the Universal General Education Transfer Component (UGETC) and the Additional General Education Hours, which are chosen based on the student's intended major at the transfer institution. The Other Required Hours are selected from general education electives. New Comprehensive Articulation Agreement standards will allow the College to accept no more than 14 SHC of UGETC and Additional General Education credits from outside the NC Community College System and/or the UNC System.
