

# COLLEGE TRANSFER PATHWAY: Associate in Science (AS) (P1042C)

## Career & College Promise (CCP)

CCP provides opportunities for eligible NC high school students to take tuition-free college courses for dual credit (some students may have to pay for textbooks and materials). Taking CCP courses accelerates completion of college certificates, diplomas, applied associate degrees that provide entry-level job skills, and associate degrees that lead to transfer within the UNC System of 4-year colleges and universities and many private institutions.

## Eligibility Requirements for College Transfer Pathways (CTP)

- High School Junior or Senior
- Unweighted GPA of 2.8 or higher; **OR**,

- Demonstrate college readiness in English, reading, and math on an approved assessment

## General Admission Requirements

- College CCP Admissions Application
- High School Transcript
- Registration and Verification Form

## Transferring Courses to 4-year Colleges/Universities:

- The Comprehensive Articulation Agreement (CAA) is a state-wide agreement that guarantees transferable courses completed with a 'C' or higher at NC Community Colleges will transfer to NC public universities and many private institutions.

- Students should check with the 4-year institution they plan to attend regarding how transferable courses apply to potential major.
- Students should review 4-year Baccalaureate Degree Plans posted online for specific majors at the 4-year institutions. These guides show how community college credit equates to senior institutions required major credits: [northcarolina.edu/transfer-students/NC-Community-College-Transfer](http://northcarolina.edu/transfer-students/NC-Community-College-Transfer).
