

COLLEGE TRANSFER PATHWAY: Associate in Science- AS (P1042C)

Career & College Promise (CCP)

CCP provides opportunities for eligible NC high school students to take **TUITION-FREE** college courses for dual credit (some students may have to pay for textbooks and materials). Taking CCP courses accelerates completion of college certificates, diplomas, applied associate degrees that provide entry-level job skills, and associate degrees that lead to transfer within the UNC System of 4-year colleges and universities and many private institutions.

Eligibility Requirements for College Transfer Pathways (CTP)

- High School Junior or Senior
 - Unweighted GPA of 2.8 or higher; **OR**,
 - Demonstrate college readiness in English, reading, and math on an approved assessment
- (*Gifted Sophomores may qualify with different criteria and limited classes)

General Admission Requirements

- College CCP Application
- High School Transcript
- Verification Form

Transferring Courses to 4-year Colleges/Universities:

- The Comprehensive Articulation Agreement (CAA) is a state-wide agreement that guarantees transferable courses completed with a 'C' or higher at NC Community Colleges will transfer to NC public universities and many private institutions.
- Students should review 4-year Transfer Guides, posted online, for specific majors at the 4-year institutions they plan to attend; outlining community college transfer credit equates to required major credits. The link is found on the CCP website: www.wilsoncc.edu/ccp
