Procurement/Transplant			
Labor and Delivery 5	N/A	5	
Observation cases			

Students must complete 120 cases to graduate from the Surgical Technology Program. 30 cases are required for General surgery with at least 20 of those cases being first scrubs. The other 90 cases should be distributed among at least 4 surgical specialties with a minimum of 10 first scrubs in each of the four specialties. A total of 80 cases must be in the first scrub role. Once a student completes 10 first scrubs among at least 4 specialties and all the cases required for general surgery, the other cases may be from any specialty. Observation cases do not count.
