

WILSON COMMUNITY COLLEGE ASSOCIATE DEGREE NURSING (ADN)

Fall 2027 Admissions Policy

Students are admitted to Wilson Community College in accordance with policies approved by the administration. Admission is not guaranteed to all applicants who apply to the Associate Degree Nursing program. Completion of the nursing curriculum does not guarantee success in passing the licensure exam. A nursing student must be admitted/readmitted to the Associate Degree Nursing program in order to take nursing (NUR) courses for credit. We will be accepting applications to the Day and Evening ADN program for Fall 2027.

If you have previously been in a nursing program, have NUR credit and are interested in applying as a readmitting student please contact the Dean of Health Sciences, Dr. Yelverton at myelverton@wilsoncc.edu. Starting Fall 2024 students wishing to readmit will be required to audit up to the point of re-entry and meet the course requirements for auditing students or challenge the course within 1 year of an unsuccessful attempt. Students who have not been enrolled in a nursing program greater than one (1) year must reapply through the general application process. See the readmission section of the Wilson Community College Catalog for additional information.
